

The Premier Maintenance Agreement is designed to provide low cost preventive maintenance to extend the life of your heating and cooling products. The annual fee for the agreement is \$185.00, and includes:

- One natural gas or propane furnace inspection, clean and tune (excludes filter) in fall. Includes combustion analysis.
Note: Add \$85.00 for oil furnaces (includes oil nozzle & oil filter)
- One air conditioner 10 point start-up and cleaning
- 10% discount on all parts and labor anytime you call
- 10% discount on new equipment purchases
- No overtime 24 hours a day 7 days a week 365 days a year
- Service first. Premier customers move to the top of our call list
- We call to schedule maintenance, no need to remember
- Will make sure your equipment is operating at peak efficiency and deliver an efficiency report with combustion analysis
- Guaranteed same day service on service calls

Please check any additional items you would like to include in your agreement, providing model numbers as required. These services may only be purchased as add-ons to the Premier Maintenance Agreement.
